

CHEMICAL INDUSTRY

Arena is a multi-resource provider, eliminating the need for numerous individual OEM contracts.

Within the Chemical Sector we provide a high level of service, maintenance and technical support on a diverse and extensive range of process equipment in compliance with GMP and other statutory and regulatory requirements. Through our highly trained and motivated multi-disciplined workforce we supply an advanced and cost effective service as opposed to a manufacturers restricted provision.

We also provide additional benefits through the monitoring and evaluation of the service using KPI's and regular reports to the client.

Typical support would include but is not limited to:

- Calibration of Equipment
- Planned Maintenance
- Instrument, data, power & control cabling installations
- Control panel manufacture
- Control System software
- Breakdown service
- Instrument supply

Typical machinery supported includes:

- Reactors
- Mixer/Blenders
- Granulators
- Extruders
- Freeze/Spray Driers
- Distillation Plant
- Pilot Plants
- Scrubber systems
- Effluent Plant

Our client list includes:

- Akzo Nobel
- Castrol
- Rhodia
- Ineos Silicas
- Solvay Interox
- Associated Octel
- Albion Chemicals
